COMMUNITY
FOUNDATIONS
OF CANADA

SHUSWAP
COMMUNITY
FOUNDATION

OUR MISSION

- Inspire community giving by providing an opportunity for anyone to leave a lasting legacy through permanent endowment fund building.
- Foster donor confidence and community trust through responsible management and investment.
- Honour the memory of families, community members and loved ones.
- Support community causes and charitable organizations.
- Provide responsible granting that will enrich life in the Shuswap.

President's Report

2011/2012 Fiscal Year

This year Shuswap Community Foundation (SCF) is highlighting the 100 year anniversary of Sorrento, one of the many communities that we support in our region. We are very proud to participate in the planned activities throughout the year to celebrate this milestone. The community recently suffered the loss of two of its leaders, Ted Bacigalupo and Maureen Brass, and three members of the Jensen Family in a tragic accident. It is heartening to see the community rally around the surviving family members - giving support where it can. Lisa Rolland, also from this community and a School Board member, passed away at the end of 2011. With enthusiastic support from her family and friends, the Lisa Rolland Literacy Fund was very quickly established to promote literacy throughout the Shuswap. Lisa will be remembered forever as someone dedicated to helping children learn to read. This community spirit – caring about our people – is what SCF is all about.

SCF also reached a significant milestone this past year. Over the past 15 years the Foundation disbursed over \$1,000,000 to charitable organizations in our region. This is a major accomplishment. Other highlights for the year include: the McGuire Lake Memorial Walkway in partnership with the City of Salmon Arm (see p2 for details), seven new family funds, our permanent capital fund that has grown to almost \$5,000,000, a new web site, and, in a difficult economic climate, sustainable, better than average returns on investments.

The Governor General of Canada, The Right Honourable David Johnston, asked the Board of Community Foundations of Canada to

contribute to his mission – his desire to make Canada ‘a smarter and more caring nation.’ The national association embraced this challenge by creating a movement called “Smart and Caring Communities”. It is encouraging member foundations to develop a fund that targets identified areas of need in their communities.

The Board of Shuswap Community Foundation embraced the “Smart and Caring Communities” campaign and decided to do a Vital Signs report for our Shuswap Region. Vital Signs is a checkup conducted by Community Foundations to measure the vitality of communities across Canada. It gathers and publishes data on significant social and economic trends, and assigns grades in areas critical to quality of life. The Vital Signs report promotes an awareness of community issues, identifying community needs and strengths. This report will complement our “Smart and Caring Community” project, and will assist us in our grant-making and leadership activities. We look forward to the results of this study to help better support our communities.

Reflecting on the year shows me there is great promise for the future. I also want to thank retiring Board members Alice Duck and Doug Adams for their significant contributions over the past several years. To those who supported the Foundation this year, I can never thank you enough for your concern for, and generosity towards, the residents of the Shuswap, and for your trust in Shuswap Community Foundation.

McGuire Lake Memorial Walkway

Photo: Gabriele Klein

Each engraved brick laid in the newly designed McGuire Lake Memorial walkway will represent the love, joy, pride and remembrance of someone special.

The walkway, established jointly by the Shuswap Community Foundation and the City of Salmon Arm, will become the designated central community location to celebrate life's milestones, such as significant birthdays and anniversaries, or to fondly remember a loved one. Nestled on the shores of McGuire Lake in downtown Salmon Arm this permanent brick walkway has been created as a place of celebration and remembrance that will honour people who have been significant in our own lives. The serene park setting was seen as an ideal location for the walkway, which would allow family members, friends and the community as a whole a quiet place of reflection and remembrance.

People wishing to establish a permanent memorial marker, whether to honour a 100th birthday, to celebrate

a 50th wedding anniversary or to acknowledge the loss of a loved one, can now personalize a 12" x 24" brick for placement in the walkway. In addition to this tangible marker, families can also rest assured knowing that part of their memorial walkway contribution will continue to serve, and be acknowledged within the Shuswap, through the work of the Shuswap Community Foundation. Each brick purchased for placement includes a donation to the Shuswap Community Foundation's Memorial Walkway fund which will fund community-based charitable programs, projects and services within the Shuswap area in perpetuity. If you are interested in placing a brick in the memorial walkway and being assured your loved one will be remembered through the years, please contact the Shuswap Community Foundation at 250-832-5428 or visit www.shuswapfoundation.ca

2012 Discretionary Grants

Grant Recipient	Grant	Fund
222 RCAC S Sponsoring Committee <i>Project:</i> Assemble flight simulators	\$2,000	Salmon Arm Savings and Credit Union Youth Endowment, Youth Endowment, Wainwright-Mobley Endowment and General Fund
Adams River Nature Society * <i>Project:</i> Develop educational salmon apps	\$4,000	Geoff and Judith Benson Family Endowment and General Fund

Wayne Williamson Memorial Fund	\$154	Earnings to Shuswap Volunteer Search and Rescue Society
Douglas Burkitt Memorial Fund	\$229	Earnings to Shuswap Hospital Foundation
Total Donor Directed Grants	\$60,424	

A Passion for Nature

Muriel Axe moved to Salmon Arm in 1996 at the age of 84 to be near her sister and brother-in-law Margaret and Dennis Potter, her niece Carol Edgell and her family, and closer to her nephew Frank Potter and his family in Calgary. Carol relates that Muriel was like a second mother to her and Frank—they were very close.

Muriel Axe moved to Salmon Arm in 1996 at the age of 84 to be near her sister and brother-in-law Margaret and Dennis Potter, her niece Carol Edgell and her family, and closer to her nephew Frank Potter and his family in Calgary. Carol relates that Muriel was like a second mother to her and Frank—they were very close.

For twelve wonderful years Muriel enjoyed daily walks along the foreshore, the wharf and around McGuire Lake. She lived close to the water's edge so was next to what she loved—the water, birds, ducks and turtles that she knew by name. She cherished the wonder and peace of nature.

A hallmark of Muriel's life was her keen interest in what was going on in the natural world around her and in her adopted city. She enjoyed each day and lived it to the fullest.

One of the secrets of her long and fulfilling life was her attitude that the glass was always half full. Carol remembers Muriel as one of the most positive people around. She also recounts that 'she never had an unkind word about anyone and was a kind and lovely human being with a beautiful smile.'

Muriel transmitted her love of nature and her curious, gentle manner to her family, thus leaving a wonderful legacy

to those she loved. When she passed away in September 2008, at age 96, Carol and Frank wanted to honour their beloved aunt, so they set up the 'Potter Edgell Endowment Fund' in memory of Muriel Axe.

In keeping with Muriel's love for nature, this fund's priority is to enhance the natural environment. If volunteers want to do things to preserve and support nature, then this fund will help them to preserve for future generations what Muriel loved and enjoyed—the natural world.

Lisa Rolland Children's Literacy Fund

Widely known and much loved, Lisa was born in Duncan, BC. Raised in Fernie and Salmon Arm, she was a graduate of Salmon

Arm Senior Secondary. She met her husband at a Slo-Pitch Tournament in Vernon in 1989. They settled in Sorrento in 2001, and Lisa quickly became a staunch member of the community, helping out whenever and wherever she could with no muss, no fuss. For six years she sat on the Board of School

Trustees, representing the Sorrento/Carlin area of School District #83. Her constant focus was, "Is it good for the kids?"

Shuswap Children's Literacy Fund was created in June of 2011, and Lisa and Bobbi Johnson, also a school trustee, planned to hold a 'shave your head for literacy' fundraiser to help the fund reach the goal of \$10,000. Sadly, Lisa's illness took her away before the fundraiser could be held, but not before she learned of the change to the fund's name – The Lisa Rolland Children's Literacy Fund. Daryl Dyck,

Lisa's husband and biggest booster, was instrumental in making the change happen. She was able to express her excitement, and enormous gratitude, to the Foundation for making this her legacy to the children of the Shuswap.

It is a great tribute to Lisa that within three months of her death, contributions to the fund surpassed the \$10,000 mark, enabling the first grant from the interest earned by the fund to be made this year, at the Annual Community Meeting of the Shuswap Community Foundation on October 3, 2012.

2012 Agency Grants

Fund	Grant
Anglican Parish of Salmon Arm - Sicamous Endowment Fund	\$510 Earnings to fund holder

Frank Barnard

A self-taught, self-made man, Frank Barnard was born in Chase, BC, his father having taken his mother to the nearest doctor by boat from Blind Bay.

A self-taught, self-made man, Frank Barnard was born in Chase, BC, his father having taken his mother to the nearest doctor by boat from Blind Bay.

In 1950, Frank met and married Muriel Dobson, who kept the family home and quietly encouraged and supported Frank in his business. She passed away in 2002.

A chance remark made by his friend, Don Ruth, led him to make the decision to go into the seed-harvesting business. For thirty years Western Tree Seeds Limited harvested all species of tree seeds, from Sitka Spruce on the Queen Charlotte Islands to Lodgepole

pine from as far north as it grows, and sold it all over the world. Western Tree Seeds Limited became widely known as the best seed plant in North America. One of the reasons for this was that Frank always instructed his seed cone suppliers to leave half the cache his unpaid workers had gathered – the squirrels! “Squirrels never cache a cone not ready for picking” says Frank.

Frank attributes his success to “a combination of blind luck, opportunity, and a willingness to play the hand I was dealt.” He also gives full credit to all the people who worked for him over the years. Without their dedication and willingness to go the extra mile,

the business wouldn't have succeeded. He is proud to be a Shuswap Community Foundation Founder.

Today Frank still lives on a portion of the original family fruit farm in Blind Bay. Occasionally he goes to Sorrento Nurseries, co-owned by his son, Dave Barnard, for free coffee in exchange for free advice.

Mary Thomas Cultural Centre and Heritage Sanctuary

At the 2011 Annual Community Meeting of the Shuswap Community Foundation, Bonnie Thomas spoke about community. She was accepting funding for a ride-on mower for the Mary Thomas Cultural Centre and Heritage Sanctuary. The grant to the Heritage Sanctuary was a first. Shuswap Community Foundation had never received an application nor given money to any Secwepemc group.

With grace and ease, Bonnie talked about her mother, the much respected late Dr. Mary Thomas. “Wealth,” her mother used to say, “is measured by how much is given away.”

With that simple sentence, Bonnie connected the community of grant recipients, donors, and guests. The award was part of a chain of events that started with one question from Deborah Chapman, Curator of the Salmon Arm Museum, when she was visiting Bonnie at the Sanctuary. Knowing the Grant Selection Committee members at the Foundation are always on the lookout for community groups that do good work, she asked Bonnie what the

Heritage Sanctuary needed most.

Deborah took that answer to the Salmon Arm Museum's Board of Directors, and it agreed to sponsor the project.

Before leaving the podium, Bonnie did an amazing thing. In the true spirit of community, she had brought a gift. It was a beaded eagle feather, a treasured gift, wrapped in a beautiful scarf. You could have heard a pin drop when she gave the feather to the donor responsible for the grant, Bill Douhaniuk. It was a gift for the giver, drawing a new circle in our community.

Thank you Bonnie!

Harry and Lois Higgins Community Builders

Harry and Lois Higgins met in Manila, Philippines, where Harry, an Australian, was working with Shell Oil and Lois, an American, was visiting her parents. Together they decided to make Canada their home, living first in Ocean Falls, then in Enderby for two years before moving to Salmon Arm. Here they grew deep roots and participated in community building as leaders and participants.

Harry worked as a school administrator, including sixteen years as principal of J.L. Jackson Sr. Secondary School. Involved with the Shuswap Teachers' Association and the provincial BC Teachers Federation, he was also a founding member of the counseling committee of the Drug and Alcohol Association and the Community Alternatives Measures Program (CAM) which was organized by the Attorney General's office to divert young offenders from the courts through mediation and counseling. As a keen naturalist Harry participated with the University of Victoria in a rattlesnake study to mark over 1500 snakes in the Vernon area.

Lois was a founding member of the Shuswap Naturalist Club, the Shuswap District Arts Council, Shuswap Theatre, and the Shuswap Daycare Centre. She was also a Board member with the Shuswap Independent Living Association, the Caravan Stage Company, Okanagan College Advisory Council and the Salmon Arm committee for the Okanagan Symphony. She was also a member of the Shuswap Singers and the writing group Octava for many years.

After two years of careful planning, Lois and a small group of like-minded individuals put in place the requirements for the Shuswap Community Foundation. Lois served on the first Board of Directors, formed on January 10, 1994, remaining a member and Chair of the Grants Committee until her retirement in 2011. She continues to serve as advisor to the Grants Committee.

When not involved in building and promoting community groups Harry and Lois enjoyed the great outdoors as cross-country skiers, hikers and canoeists. Lois' work in the travel industry provided ideas and opened doors to journeys to all parts of the world, including an entire sabbatical year in the South Pacific and Asia.

In 2009, Harry and Lois set up the Higgins Family Endowment fund as a totally discretionary fund because they understand the importance of discretionary funds that allow the Foundation Board to meet the changing needs of the community. The Higgins Family Endowment Fund is a lasting legacy to two ardent community builders and the quality-of-life organizations they helped to create.

Shuswap Lake South Shore Historical Committee

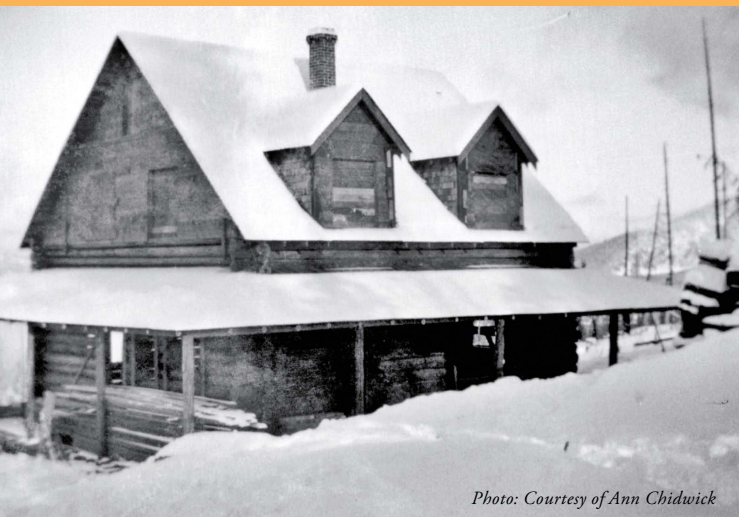

Photo: Courtesy of Ann Chidwick

The committee's goal was to record the settlement history of the south shore of the Shuswap "arm" of Shuswap Lake, from Little River to Reedman's Point, and list as many historic homesteads as possible via stories and pictures of the early settlers. Settlement of the area began in 1893.

Their goal was realized in the summer of 2012 with the publication of *Voices of the People*.

A grant from the Shuswap Community Foundation's General Fund helped defray expenses incurred during the research phase of the project. The committee will submit the material collected during the project to the Haney Museum and Heritage Association for its archives.

Soup & Stories

A grant from the Ev Painter Endowment Fund was used to facilitate a "Soup & Stories" program for families in the Shuswap area, to promote family literacy. Creative, fun and motivating, parents participated in a non-threatening learning environment, building confidence in their ability to share oral stories and read storybooks with their kids ages 0 - 12. In May 2012, the Literary Alliance of the Shuswap Society held three sessions, offering

free lunch, free childminding, and giving away free books. Fifty-one adults and 84 children attended from a wide range of socio-economic backgrounds.

The Literary Alliance of the Shuswap Society (LASS) appreciates the Foundation's funding, and greatly appreciates its commitment to supporting literacy in our community.

Geoff & Judith Benson Family

Endowment Fund

After exploring BC by camper, Geoff & Judith Benson were attracted to the Shuswap as a retirement possibility. The choice was a wise one. After living in Salmon Arm for three years, they have found people who shared their interests: birding, hiking, skiing, environmental activities and the arts.

Born and raised in Joliet, Illinois, Judith graduated from Michigan State University with a degree in Elementary Education, majoring in Early Childhood Education. Geoff was born and raised in Cumbria, UK and studied at Cambridge before obtaining a PhD in Nuclear Physics at the University of Manchester. They met and were married in Manchester, then immigrated to Canada, arriving in Kingston, ON with their two children in 1974, where Geoff took up a position in the Physics Department at Queens University. Their daughter Shelley teaches Communication at Oakland Community College, and son Aaron practices law, both in Michigan.

While at Queens, Geoff made a career change. He acquired an MBA, and relocated to work for Federated Co-operatives Limited in Saskatoon, SK. In 1980 he joined the Potash Corporation of Saskatchewan, where he worked until his retirement in 2008. Once settled in Saskatoon, Judith earned a diploma in the Education of Exceptional Children, after which she taught Kindergarten – Grade 8 for twenty-five years. Since 1995, she has been writing and publishing books for children and youth.

During their thirty years in Saskatoon, both were actively involved in the community. They were co-founders of

SOS – Save Our Elms, an organization dedicated to educating the public on how to protect Saskatoon's beautiful American Elms from the threat of Dutch Elm Disease. Both Geoff and Judith sang in the University of Saskatchewan Chorus.

Here in the Shuswap, Judith and Geoff have become members of the Shuswap Singers, Shuswap Men's Chorus, SABNES, Shuswap Naturalist Society, a book group, Shuswap Association of Writers, and the Shuswap Writers' Group. Geoff has taken up the cello, which he plays with the Shuswap String Orchestra.

When Geoff retired, he left the company with stock options which had to be exercised within three years. He and Judith familiarized themselves with the philosophy of Shuswap Community Foundation, and chose to donate the proceeds from some of the options to the Foundation. Earnings from their fund will be disbursed at the Board of Directors' discretion, under Judith and Geoff's guidelines regarding geographic locations and/or fields of interest.

The first grants drawn from the earnings of the fund will be awarded at the Annual Community Meeting of the Foundation in October of 2012.

Bob Morris & Taylor Behan

Robert “Bob” Morris established the “Morris Bursary Fund for Excellence in Mathematics” in 2008. Income from the fund provides a bursary to a female student graduating from Salmon Arm Senior Secondary School who has demonstrated excellence in mathematics, and who intends to pursue post secondary studies in mathematics or a related field. “Some of the best jobs in North America require mathematics” says Bob.

This year, Taylor Behan was the recipient of the bursary. Taylor is now enrolled in the Science One Program at UBC Vancouver. She is very grateful for the support of her community and especially grateful for Bob’s generosity in providing the bursary specifically for female students.

Shuswap Trail Map and Guide Project

A Foundation grant through the Browne Johnson Legacy Fund provided the impetus for the Shuswap Hut & Trail Alliance to form a partnership with Shuswap Tourism and others in order to review and update the regional Shuswap Trail Guide, reprinted in June, 2012. Newly built and mapped regional snowshoe trails are included in the updated guide.

The Alliance was also able to upgrade its mapping software, purchase a new GPS unit, and work with its website provider to redesign and integrate online mapping with their online trail guide. Still in progress is the Nordic Ski and Snowshoe Trails map, to be printed early this winter (2012).

In partnership with the Provincial Mountain Bike Tourism Association, an online trail guide for destination mountain bike trails is being developed. The Shuswap section will include trail guide information and corresponding maps for all mountain bike trails throughout the region.

Sam Frese, a second year engineering student at UBC, was hired via a Federal Canada Summer Jobs program grant, and he has uploaded all the new trail guide content, plus online maps, plus the mountain bike trails information, to the newly redesigned online trails website at www.shuswaptrails.com.

GUIDING PRINCIPLES

In pursuit of its mission, the Shuswap Community Foundation will:

- be open, accountable, ethical and socially responsible;
- be a leader in charitable giving;
- strengthen community capacity; and
- respond proactively to community needs.
